Opening Public Lecture: 5.30pm on Wednesday 8th June 2011:
(Theatre Auditorium, University Club)

Professor Peter Stearns,
(Provost and Professor of History at George Mason University)

Emotions and Modernity
One of the initial spurs to historical work on emotion was a desire to explore the relationship between emotions and modern conditions. For several reasons, this approach has come under fire. This talk assesses the effort, including the criticisms, while urging that we return to the task. In fact we know that in some respects modern emotions do change, and we also know something about how more general modern conditions impact emotion. We can use these understandings, suitably informed by valid criticisms, as a springboard for further work.

Wine Reception: 6.30pm on Wednesday 8th June 2011
A wine reception will be held at the University Club following Professor Sterns lecture to celebrate the ‘Opening of the ARC Centre of Excellence for the History of Emotions’. This is a free event for conference participants but for catering purposes it would be appreciated if you could rsvp when you are completing your conference registration.
Conference Dinner:
The conference dinner will be held on Friday 10th June. The venue is Matilda Bay Restaurant, adjacent to UWA and overlooking the Swan River. The cost per head for a 3 course meal and welcoming drinks is $95.00.
